Online Safety

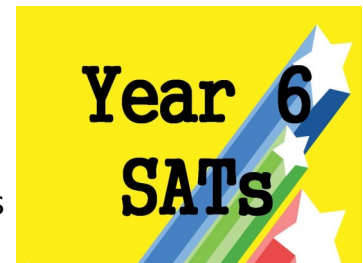

Smart devices promise to make our lives easier. In many cases—they do, however these new technologies present risks too. Whether you're using a digital assistant to record your shopping list or you're controlling your lights through a smart system, many smart functions can be 'hacked' and controlled by someone outside your home. The attached guide '12 Top Tips to Get Smart about the devices in Your Home' will help you identify some of the ways you can stay alert.

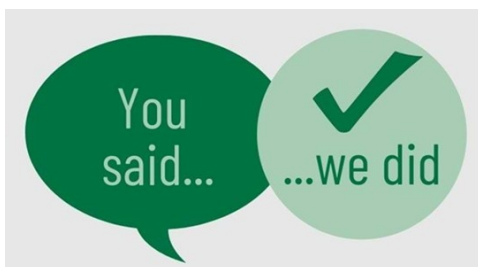

Y6—SATs Information Evening

SATs are rapidly approaching for our Year 6 children. We will be holding a SAT's information session for parents of Y6 children on **Wednesday 7th May from 3:45—4:15**

It will be held in Mr Johnston's classroom. FREE spaces are available for any Y6 children and their school aged siblings while the meeting is taking place. Please ring the school office or e-mail enquiries@osbournby-cit.co.uk to book them a free space. If you are unable to attend, a copy of the power-point is available on request.

You Said....We Did!

You have said that you like to have as much notice as possible for school events. Have you noticed that we have provided all the dates to the end of the year including sport's day and the end of year performances on the calendar?

Get your diary out and pop them in so you don't miss out!

Want your child to do well? Attendance Matters...

Being around teachers and friends in a school or college environment is the best way for pupils to learn and reach their potential. Time in school also keeps children safe and provides access to extra-curricular opportunities and pastoral care.

That's why school attendance is so important and why the Government is committed to tackling the issues that might cause some children to miss school unnecessarily.
