SAFEGUARDING

Safeguarding Over Easter

While school is closed over the Easter break if you have ANY safeguarding concerns, please call 01522 782111.

If you believe a child to be in immediate danger please call the police on 999.

We are now a CIT academy!

We are delighted to announce that on the 1st April we joined Community Inclusive Trust. Peter Bell, CEO of the Community Inclusive Trust: said "I was delighted to visit Osbournby this morning, to welcome in person all the staff to the CIT Family. I was genuinely humbled at their excitement in joining the Trust's wider community. Osbournby Primary School joining us creates a logical cluster of schools in the Sleaford area (Caythorpe, Billingborough, and Osbournby). The close proximity of these 3 primary schools will allow sharing of resources, professional development, and ultimately enhance outcomes for all pupils."

SAFEGUARDING QUESTION OF THE WEEK

How do you stay safe online?

(Keep your personal information safe, don't meet up with people you meet online, don't accept unknown files or in app purchases, not everything on line is true and tell someone if you are worried about something you have seen online)

Want your child to do well? Attendance Matters...

How does attendance affect outcomes for pupils?

Being in school is important to your child's achievement, wellbeing, and wider development. [Evidence](#) shows that the students with the highest attendance throughout their time in school gain the best GCSE and A Level results.

Our research found that pupils who performed better both at the end of primary and [secondary school](#) missed fewer days than those who didn't perform as well.

The data also shows that in 2019, [primary school](#) children in Key Stage 2 who didn't achieve the expected standard in reading, writing and maths missed on average four more days per school year than those whose performance exceeded the expected standard.

Similarly, in the same year, secondary school pupils who didn't achieve grade 9 to 4 in English and maths missed on 10 more

Online Safety

Fake news can be false information, photo's or videos purposefully created to confuse or misinform. It can also be genuine information that has been manipulated to deceive. It is important that children learn how to distinguish between real news and fake news, so that they don't inadvertently share something which isn't true

or believe something which could be misleading. Please see attached 'What You Need to Know about Fake News '.
